CHICAGO TRANSIT AUTHORITYBOULEVARD SYSTEM

T. B. O'CONNOR

BULLETIN #27

January 26, 1953

CHANGE OF ROUTE NUMBERS

TO ALL CONCERNED:-

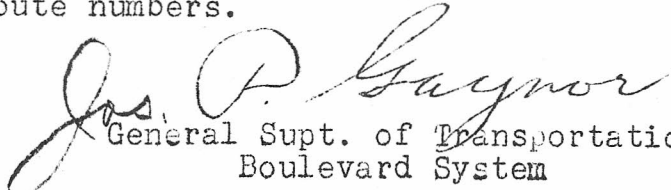

Effective February 1st, to avoid conflicting route numbers between the Boulevard and Surface Systems, most of the Boulevard System Route numbers will be changed by placing the numeral "1" in front of present Route Number. Thus, Route 34, Diversey, becomes 134.

Where no route number has previously been used (i.e. Bathing Beaches, Planetarium) a number has been assigned, and in one case, Rt. 4-Jeffery, has been changed to Rt. 5.

Where no duplicate Surface System route numbers occur, no change has been made.

Complete list of present and new route numbers is appended.

Route numbers on transfers will be changed as new transfers are ordered. For the next few weeks, most of your transfers will bear the old route numbers.

  
General Supt. of Transportation  
Boulevard System
