Chicago Transit Authority

TRANSFER REGULATIONS

1. Transfers are issued only at the time fares are paid.
2. Transfers are valid only for continuous rides over reasonably direct routes.
3. Reverse riding is prohibited except upon satisfactory explanation to the employee receiving the transfer.
4. Transfers from the Rapid Transit to the Surface are valid only if time-stamped when leaving the Rapid Transit.
5. Transfers between lines that meet are valid only at points of intersection, extension, convergence and divergence. In addition to these points, transfers are also valid between the points of convergence and divergence to or from Rapid Transit and Surface routes operating on the same street and to or from express buses and local buses operating on the same street.

6. Lines that do not meet but operate within one standard city block of each other are considered the same as lines that meet and the same transfer regulations apply.

7. Transfers between lines that do not meet and do not operate within one standard city block of each other are valid only at locations authorized by CTA. (For authorized locations see listing in this folder)
