December 1962 No. 633

ISSUED BY THE GLOBE TICKET COMPANY IN THE INTEREST OF THE
ELECTRIC RAILWAYS AND BUS TRANSPORTATION INDUSTRIES

Merry Christmas

1962 HAS BEEN AN ACTIVE YEAR

Some positive direction is emerging in the collective efforts of the Transit Industry, to regain a position of acknowledged need, demand and appreciation in the economy of our cities. That is perhaps as fine a Christmas present as one would want.

At this Christmas Holiday and the coming of the New Year we want to express our wish to the Industry, that new thinking and new approaches, so evident this year, will carry through, to place Transit once again into its earned and deserved place of wanted and profitable utility.

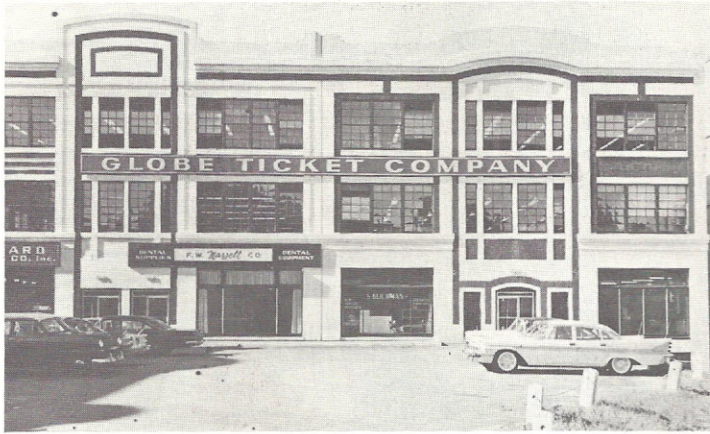

We all wish you this, all the Globe Companies, with all our hearts and with our added wishes for pleasant and refreshing Holidays and a New Year full of hope and purpose.
