Supercedes S407-91

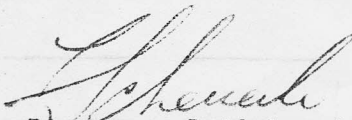

TO: All Concerned, Rail
SUBJECT: Access Track - Skokie Route
EFFECTIVE: Tuesday, September 3, 1991 - 2000 hours

The southbound track has been designated the access track as described in Bulletin S371-91. The connection to this track will be via the existing northbound track leaving Howard and through a special cut and throw track alignment located near Chicago Avenue (Evanston). All train movements between Howard and Skokie Shops over this track **must be authorized by the Rail Controller.**
