S738-91
Supersedes S731-91

TO: All Concerned, Rail
SUBJECT: Resumption of Skokie Rail Service, Skokie Route
EFFECTIVE: Monday, November 25, 1991 - 0400 hours

Rail passenger service on the Skokie Swift route will be reinstated. The northbound and southbound tracks between Howard and Dempster is returned to service. Crossing gates will be fully functional.

Five crossovers are in service on the Skokie route.

Custer - right-hand manual
Custer - left- hand manual
Hamlin - right-hand power between Tracks 1 & 2
Hamlin - right-hand power between Track 2 and Skokie Yard Tail Track
Searle - right-hand manual

The crossovers at Ridge and Karlov have been removed.

At the same time, the free substitute bus service provided between Howard and Dempster will be discontinued.

This bulletin superseded the following bulletins:

S256-91 - removal of Searle crossover from service
S371-91 - description of rail service shut down on the Skokie route
S478-91 - Skokie Yard routing
S654-91 - description of Skokie access track
