

REVISED SHUTTLE SERVICE

EFFECTIVE
FEB. 1, 1953

**FOR BOULEVARD SYSTEM
IN THE CENTRAL BUSINESS
DISTRICT**

The Boulevard System shuttle service is revised to provide additional service at reduced fare to short-trip riders in the Central Business District.

This service is on a cash fare basis which eliminates the necessity of handling commuter bus coupons.

Thru-riders of regular service are also benefited because when short-trip riders utilize the shuttle service, they do not over-tax the facilities of the regular service intended for thru-riders.
