Mr. Richardson's Letter of Transmittal

Chicago, April 8, 1931. Dear Mr. Adams:

It is with peculiar personal pleasure that I transmit to you herewith on behalf of the Chicago Safety Council a certificate awarded the Chicago Surface Lines Shops and Carhouses as the group winners in the Interplant Accident Prevention Contest for the month of February, 1931.

Appreciating as I do your deep personal interest in the prevention of accidents and your conscientious care in properly classifying the "lost time" accidents covered in this contest, the winning of this certificate in city-wide competition must be a gratification to you as it is to all of us.

The intelligence and enthusiasm with which safety practices have been carried out by the men of the Shops and Car Houses promises even greater achievements in the future and I extend to you and through you to them the congratulations of the management and of

Yours very truly,

G. A. RICHARDSON,
Vice President.

Lincoln's Great Night

Become Permanent Holders of the Sterling Silver Car at Big Banquet at the Stevens

Division Superintendent Hays

Assistant Division Superintendent Zage

At a dinner attended by approximately 2,000 Chicago Surface Lines employes and officials at the Stevens Hotel, Thursday evening, March 26, high honor was paid to 8,984 trainmen who had no chargeable accidents during the last fiscal year. This is 76 per cent of the entire train force. Unstinted praise also was given to Superintendent Hays, Assistant Superintendent Zage and the men at Lincoln Avenue, who won the silver car trophy and will retain it permanently because it was their third victory in the accident prevention contest.

Before starting the formal program there was an interesting menu to be cared for. Here it is:

The meeting was presided over by William Pasche, supervisor of accident prevention, and officials of the company and of Division 241 were seated at the speaker's table. Mr. Pasche briefly reviewed some of the outstanding features in the accident report for the year and introduced William Quinlan, president of Division 241, who spoke on the advantage of accident prevention work.

Mr. Quinlan told the men that he was not entirely sold on the accident prevention program when it was first inaugurated six years ago, but that he soon found it was to the great advantage of everyone in the organization to co-operate in this effort to reduce accidents.

Mr. Richardson Praises Men

Mr. Richardson was unable to be present because of illness, but his address was read by Mr. Evenson. In it, Mr. Richardson congratulated the men on the splendid record for the year.

Vice President Richardson

After paying his respects to the 8,984 trainmen who operated during the twelve months without a single chargeable accident, he pointed out that there had been a reduction of more than 21 per cent in the number of accidents reported in 1930 as compared with 1929. He declared that no one would have dreamed at the time of the first annual accident prevention meeting six years ago that any such outstanding result would be at all possible.

"In 1927, the first year in which records were kept of no-accident trainmen," Mr. Richardson said, "we were all surprised to find that there were 5,441 men who had operated during the year without chargeable accidents. That was such a large number that we felt it would be next to impossible to increase it. At the end of 1928, however, we found the number of no-accident trainmen for that year had reached the total of 6,420. During 1929 the number grew to 7,915 and now we have this tremendous total of 8,984 for 1930. Of this number 3,969 are motormen and 5,015 conductors.

Seventy-six Per Cent

"When you stop to consider that this means that 76 per cent of all of the trainmen in the Chicago Surface Lines' service operated on the congested streets of Chicago last year without a single chargeable accident, you can realize more fully the significance of these figures.

"The permanence of accident prevention work is illustrated very forcefully by the fact that a large number of these men have operated over a period of years without any chargeable accidents at all. Of the entire group, 6,184 men have had no chargeable accidents for two years; 4,027 for three years and 2,525 men for four years. I submit that no group of transportation men operating under similar conditions ever made a finer record than this.

"Remember that this record was made in

streets filled with rapidly moving automotive vehicles and under traffic conditions calculated to test daily the judgment, alertness and efficiency of the trainman. The value of training and experience in accident prevention cannot be over estimated. Of the men who have had no chargeable accidents for four years, 75 per cent have been in the train service for ten years or more. These older men also constitute 69 per cent of the three-year no-accident group, 64 per cent of the two-year no-accident group and 57 per cent of the one-year no-accident group. There is, therefore, a direct relation between the small percentage of turnover in our train force and the good accident prevention record the men are making.

Low Fatality Record

"The number of fatalities on the Surface Lines in 1930 was the lowest since unification in 1914, with the one exception of 1928. During the first five years of unification—1914-19—there were 33 per cent more fatalities on the system than in the last five years—1926-30—or putting it the other way, there were 25 per cent less fatalities in the last five years than in the first five years, although there was an increase in this later period of 20 per cent in car miles operated, approximately 5 per cent in speed of operation and there were more than thirteen times as many automobiles and other vehicles on the streets of Chicago than during the first five-year period.

Superintendent Evenson

"In spite of the tremendous increase in congestion in the streets, the total number of accidents reported last year is practically the same as the number reported in 1914.

"In this connection it is interesting to note that our bus operation, which during the year grew from a small infant to a fair-sized child, established a splendid record in accident prevention. Bus operators drove their vehicles

LINCOLN WINS THE CAR—1930

(Air: "John Brown's Body")

Lincoln's won the trophy and we honor them tonight,
Won it on their merits by a long and plucky fight,
Hays and Zage led them and they surely led them right,
For they won the Silver Car.

Answering the question: What's this shindig all about?
Lincoln won the trophy and the rest of us are "out."
But none of us are kicking—can't you hear us as we shout:
"Old Lincoln won the Car."

Chorus:

Glory, Glory, Hallelujah; Glory, Glory, Hallelujah; Glory, Glory, Hallelujah,
Old Lincoln won the car.

The Silver Car is Lincoln's and that ends a four-year race,
And now we all are wondering just what will take its place
What e'er it is just take our tip it's going to be a case
Of "Let the best gang win!"

"Accident Prevention" that will be our battle cry
If anyone should ask you, "What's the big idea and why?"
Just tell them ev'ry trainman will be on the job to try
To help his Depot win!

Chorus:

Glory, Glory, Hallelujah; Glory, Glory, Hallelujah; Glory, Glory, Hallelujah,
Just watch us cop the prize.

a total of 2,206,000 miles without a single fatality.

Car Collisions Cut in Half

"The best record in the history of the Surface Lines organization in the car collision class of accident was made last year, with a decrease of 59 per cent as compared with the same period in 1929. In 1914 there were 998 car collisions on the system, or one collision to every 110,700 miles operated, while in 1930 there were only 118 car collisions, or one to 1,114,000 miles operated. This is a decrease of 880 car collisions last year as compared with the first year of unification and an increase of more than ten times the number of miles operated per collision.

"Collisions with automobiles and other vehicles dropped off 30 per cent last year as compared with the previous year. This class of accidents reached its highest point in 1926 and has been steadily decreasing since that time. There was also a decrease of 16 per cent in the number of employees injured while on duty, another class of accidents which has been steadily decreased during the last five years. Approximately 400 fewer employees were injured on the property last year than in 1929.

"Success has attended our efforts to prevent the loss of eyesight by encouraging the wearing of safety goggles. Thirteen eyes were saved in this way last year. The glass of the goggles protected the eyes from blows which would have meant blindness. In the last four years, 71 eyes have been saved by the co-operation of the men engaged in work where wearing of safety glasses is required."

Favors Drivers' Licenses

Mr. Richardson recalled that the splendid accident prevention record of last year was made in spite of the fact that the organization was put to its severest

test in March of that year by the worst blizzard and snowstorm in the history of Chicago. In declaring that "the safest place in the streets is on Chicago Surface Lines cars," he took occasion to urge the curbing of reckless automobile drivers.

"Our trainmen are a select group chosen in the first place because of their fitness for the work in which they are engaged and afterwards thoroughly trained in operation and in practices which result in safe transportation," Mr.

William Pasche

Richardson said. "In spite of all of their efforts to avoid collisions with other vehicles, however, there is the constant hazard of accidents resulting from carelessly or recklessly driven automobiles and trucks.

"For a number of years efforts have been made in Illinois to obtain legislation requiring some kind of examination of the fitness of automobile drivers before they are granted permission to use the streets and to provide for the withdrawal of their driver's licenses when they have shown that they are grossly reckless or careless. Bills are now pending in the state legislature at Springfield requiring the licensing of all automobile drivers. I believe the passage of this legislation would result in a marked decrease in the hazards of street traffic."

A high tribute was paid to Messrs. Hays and Zage in awarding the Silver Car Trophy to Lincoln and before Mr. Hays responded for his men two thousand voices were raised in a song specially written for and dedicated to the winners.

As the silver car trophy now becomes the permanent property of Division No. 11, Lincoln Avenue, it was necessary to establish a new prize for the accident prevention contest among the stations. This prize consists of one of the finest radio and announcement sets that can be purchased at any price. A sample set was on display at the dinner and Mr. Pasche announced that if a division having two car stations should be successful in the contest this year, each of the stations will get one of these sets.

More Eyes Saved

From time to time, the editor of SURFACE SERVICE is the recipient of a pair of goggles, lens shattered, accompanied by a brief report describing how the goggles were broken. Description of the accident is usually very brief, but invariably end

with the sentence, "He did not receive any eye injury." Thus, in a few words telling that the wearer of these goggles had by using a little bit of common sense, practicing a bit of caution, probably had escaped untold misery and suffering.

These goggles are at everyone's command and can easily be obtained. Play safe, wear your goggles, it will do no harm to do so, probably a lot of good.

Following are five cases of men working with their goggles on when flying pieces of concrete shattered the safety lens, but causing no injury to the eye:

D. Barbantini engaged in track work at Armitage and Kenton Avenues.

B. Meovich engaged in track work at 59th and Wentworth.

A. McCall engaged in track work at State and 62nd Streets.

P. Ansos engaged in track work at Van Buren and Leavitt Streets.

J. Compabasso was another fortunate one. He was working at Roosevelt Road and Fairfield Avenue March 29.

By C. H. EVENSON
Superintendent of Transportation

Since the appearance of the article on invalid transfers in SURFACE SERVICE MAGAZINE there has been a marked improvement in the carefulness of con-

ductors. Surveys made within the last few days show a great reduction in the number of improperly punched or invalid transfers accepted as compared with a month or two ago.

Nevertheless, there are still too many violations of transfer rules.

In all fairness, it must be admitted that when conductors are hurried in their work at busy transfer points it is perhaps physically impossible for them to avoid a few errors, but this does not excuse the conductor who habitually collects transfers without looking at them carefully to see whether or not they are valid. A comparatively few conductors are responsible for the greatest number of mistakes of this kind and these conductors are costing the company thousands of dollars annually by permitting passengers to ride on transfers when they should be required to pay a fare. One of the greatest sources of leakage in revenue is due to this one cause.

Close Check Is Kept

I would like to emphasize again that the checking up of conductors on transfers is not a spasmodic campaign, but has become a part of the routine of the transportation department. It is highly important to the company to check this leakage and of course it is just as important to the employes of the company, for their interests are bound up in the financial success of the Surface Lines.

A remarkable feature of the improvement in preventing transfer frauds is that the number of complaints from passengers has not materially increased. This indicates that conductors in refusing to accept invalid transfers are exercising good judgment in the manner in which they refuse.

Most of the patrons of the Chicago Surface Lines are familiar with the rules relative to the acceptance of transfers, and those who are not are generally fair when the rules are explained to them. A little firmness on the part of the conductor, modified by a courteous manner, will avoid complaint if a passenger presents a transfer that is not good. The fair-minded man can be made to understand the rules by a word of courteous explanation.

Greater care in punching transfers has no doubt contributed considerably

toward the reduction in the number of invalid transfers collected. The passenger has good reason for complaint if the conductor issuing the transfer has punched it improperly, causing him embarrassment and possibly costing him an additional fare when he attempts to exercise his right to continue his trip on another car.

Here again the conductor taking up the transfer must use good judgment. In all cases of uncertainty as to whether or not the passenger or the conductor issuing the transfer is to blame, the passenger should be given the benefit of the doubt.

A Customer Complains

There are still a great many complaints of passing up passengers and closing the door before all intending passengers have boarded the car. In a typical letter received recently a passenger complains of having had the door closed in his face several times by conductors at Madison and Clinton Streets. He says:

"I was just as much a customer as if I had gone into Carson Pirie Scott's, or Mandel's or Field's and wanted to buy something. How would you like it if you went into a store and had them shut the door in your face because the proprietor or clerk wanted to go home? Your Madison Street line is the worst one in Chicago for that kind of trouble."

CLUB SPARKS

In Topsy Turvy Land

Fish that climb trees. Worms that sing. Pigmy deer that can be fried whole in a frying pan. These and other strange creatures find their habitat in the Malaysian Peninsula where everything appears to grow in reverse form. An interesting account of personal experiences in the Malay jungles was related to members of the Surface Lines Club on Tuesday evening, March 10, by Carveth Wells, noted traveler and author. The attendance was not all that could be desired, largely due to inclement weather, but those who took the trouble to visit the clubhouse on this occasion were well rewarded and gave full attention to the speaker. Mr. Wells is a comparatively young man and has traveled in many countries. This lecture was number 3,000 on this particular subject and yet it was presented in such a manner as to suggest anything but staleness on the part of the narrator. With the aid of moving pictures and colored photographs thrown on the screen, the audience was carried across the Pacific to this strange country which lies southwest of the Philippine Islands in the vicinity of Siam. Mr. Wells was introduced by Hubert Smith, President of the Club. At the close of the lecture there was an interesting "style show" in which five of our young ladies from the Department of Accident Investigation were used as models in showing the native costumes. This exhibition proved of real interest to the audience. Those who took part in the show were Evelyn Primus, June Schoentgen, Grace Springer, Isabel Luvway and Grace Schmude.

Annual Club Banquet

Plans have been completed for the Annual Banquet of the Surface Lines Club, and those who attend on the evening of Tuesday, April 21, at the Gold Room in the Congress Hotel are assured of plenty of good food and an enjoyable program of entertainment. The hour for starting

festivities is set for 6:30 P. M. Hubert A. Smith, President of the Club, will do the honors as toastmaster. Tickets at \$2.00 each may be had from the departmental directors of the Club.

The next event on the schedule will be the Annual May Party, to be held at the Clubhouse on Saturday evening, May 16, with S. D. Forsythe as Chairman. As on former occasions, the guests will be seated at tables and the feature of the evening will be "A Cruise Around the World," with all the trimmings of an ocean liner, stopping in various ports to be entertained appropriately. Further notice of this party will be given by bulletin and members of the club and Women's Auxiliary are urged to speak early for tickets, owing to the limited capacity of the hall.

A pleasant time was had by those who attended the dance at the clubhouse on Saturday evening, March 28, when Earle Voyles and his orchestra, in special costume, furnished the music. It is to be regretted that the threat of stormy weather kept many away and the attendance was not up to the usual work. W. C. Wheeler was responsible for putting over this affair in a satisfactory manner.

The new standard-size billiard table is now being used at the clubhouse. It has been installed on the top floor in the space formerly devoted to indoor golf. This room now looks quite homelike, with new lighting system and chairs placed around for the comfort of players and onlookers.

A BUSINESS may spread itself over the whole world and may employ a hundred thousand men, but the average person will usually form his judgment of that business through his contact with one individual. If this person is rude or inefficient, it will take a lot of kindness and efficiency to overcome the bad impression.

Pleasant Words for Kindly Deeds

Letters of Thanks and Commendation from Patrons Who Appreciate Personal Service

Mrs. Marion Bennett, Burnside Hospital, wishes to thank Conductor Frank Zind, Badge No. 12144 of Burnside, for turning in to the Lost and Found Department a parcel which she had inadvertently left on his car.

Mr. T. M. Anderson, 520 N. Central Avenue, compliments Motorman Peter Shine, Badge No. 8751 of North Avenue, on the skillful operation of his car and for his admirable trait of cautioning alighting passengers against automobiles which might be passing the car.

Mrs. E. L. Wheeler, 6348 N. Maplewood Avenue, wishes to congratulate the management on having so courteous a man in our employ as Motorman Matthew Public, Badge No. 9809 of Lincoln.

Mrs. E. Held, 1664 Vine Street, wishes to thank and commend Conductor Joseph M. Shaller, Badge No. 10804 of Lincoln, for his kindness in assisting her and her crippled daughter to board and alight from his car.

Mr. S. E. Stephany, 2065 N. Leavitt Street, praises Motorman Charles F. Wolfe, Badge No. 11331 of Devon for his courtesy in holding his car long enough to enable him to board it, even though he had the signal to proceed.

The courtesy, thoughtfulness and alertness displayed by Motorman Albert Harazmus, Badge No. 11419 of Blue Island, won for him a letter of commendation from Mr. Kenneth Kessler, Commonwealth Edison Company.

Mr. P. J. Kelly, 14531 Turner Avenue, sincerely thanks and commends Motorman Frederick P. Schrier, Badge No. 12611 of 77th, for his courtesy in giving him carfare when he found that he was without funds.

Mr. George J. Cooke, Jr., 30 N. Green Street, compliments Conductor Hugo F. Anderson, Badge No. 13862 of Limits on his tactful manner of handling his passengers.

Mrs. J. H. Loughlin, 4838 W. Madison Street, thanks Motorman Robert Nugent, Badge No. 13579 of Kedzie for courtesies extended to her.

Unusual courtesy on the part of Conductor Christopher S. Williams, Badge No. 12170 of Limits, won for him a commendatory letter from E. F. Miller.

Mr. A. J. Korevec, 1540 E. 62nd Street, left a package on the car in charge of Conductor George W. Nelson, Badge No. 1206 of 69th. This conductor turned in this package to the Lost & Found Department where it was duly recovered by Mr. Korevec and for this act of courtesy and honesty he wishes to sincerely thank him.

Conductor Leonard R. Grant, Badge No. 4204 and Motorman Charles W. Hawken, Badge No. 2757 of Cottage Grove, rendered such efficient service, and extended such unusual courtesy to their passengers that Mr. C. A. Earle, Des Plaines, Illinois, wrote in a letter of commendation for these two men.

Conductor Walter B. Davies, Badge No. 4358

of 77th, escorted Miss A. McCarthy, 3418 Lowe Avenue, from his car to the sidewalk, due to the fact that her sight is very poor, and for this act of genuine courtesy she expresses her appreciation.

Miss Esther Euphrat, 1124 E. 54th Street, congratulates Conductor Gustave A. Groll, Badge No. 4394 of Archer, for his outstanding courtesy and kindness to his passengers.

Mrs. Lina V. Wendt, 1014½ N. Blvd., Oak Park, states that Conductor Earl F. Foster, Badge No. 4418 of Devon, is one of the most courteous of our men, always looking out for the comfort and convenience of his passengers, and for these acts she wishes to commend him.

Conductor Frank M. Black, Badge No. 4510 of 77th, escorted a blind man from his car and placed him safely on the sidewalk. Mr. J. E. Purnell, 175 W. Jackson Boulevard witnessed this act of courtesy and wishes to commend this conductor.

Mr. C. E. Moore, 40 E. Oak Street, reports that while a passenger on the car in charge of Conductor Arthur F. Lietz, Badge No. 5790 of Lincoln, at one of the busy transfer points, his car was crowded when several fellows seemed to be unnecessarily jostling the crowd. This conductor immediately noticed this and cautioned his passengers. One of the fellows resisted the call and an argument ensued which was handled quietly and effectively by this conductor. Mr. Moore states that he takes great pleasure in commanding him for the real nerve he displayed.

Conductor William Youts, Badge No. 12734 of 77th favorably impressed Mr. E. F. Leviden, 7508 Stony Island Avenue, with clear enunciation of street car stops and for that Mr. Leviden wishes to compliment him.

Miss Virginia Lee Hight, 440 Arlington Avenue, wishes to commend Conductor Carl M. Timm, Badge No. 12596 of Devon for the courtesy and gentlemanly attention showed her and her escort when they were passengers on his car.

Dr. B. F. Kvasnicka, 2158 W. 21st Street, compliments Conductor Joseph F. Bartosch, Badge No. 11596 of Elston, for the courteous treatment he extended toward his passengers, and especially towards mothers with little children.

Motorman Charles A. Kroeggel, Badge No. 865 of Archer, is warmly thanked and commended by Mrs. Ada Martling, 3433 Fulton Street, for his thoughtfulness and courtesy in taking care of her blind boy and also other blind people who live in her vicinity.

Miss Emily C. Hackett, M. D., 1511 Pittsfield Bldg., thanks Conductor John H. Pickin, Badge No. 1134 of Cottage Grove, for the kindness extended to her when she was handicapped by a lame leg.

Miss Margaret M. Sheridan, 6550 S. Hermite Avenue, commends Conductor Fred W. Proteau, Badge No. 14080 of 69th, for kindness and courtesy extended to a woman passenger who became ill while a passenger on his car.

Conductor Miles A. Crozier, Badge No. 8356 of 77th, cautions his passengers to be careful of passing automobiles when they are alighting from his car. Mrs. E. McNamara, 1644 Estes Avenue, witnessed this trait and wishes to compliment him.

The courtesy extended to L. W. Peebles, 2114 W. North Avenue, by Conductor Harry J. Bennett, Badge No. 2052 of Kedzie, in the matter of transfer arrangements won for him a letter of commendation from this passenger.

Division Superintendent Elmer L. Brookman of North Avenue is thanked and complimented by Mr. A. W. Sathern, Cashier, Service State Bank, 5601 W. North Avenue, for his assistance in recovering some lost pay checks.

A "Daily Rider" reports that Conductor Henry C. Shultz, Badge No. 6422 of Limits, is the most cheerful, polite and accommodating conductor with whom he had ever come in contact and wishes to commend him.

The admirable trait of Conductor Claude Hayes, Badge No. 6638 of Blue Island in calling the names of all street car stops in a loud distinct voice won for him a commendatory letter from H. W. Wright, 6223 S. Albany Ave.

Mr. Lee J. Whitcomb, 3029 Leland Avenue, highly commends Conductor James Vernon, Badge No. 7444, and Motorman Harry D. McKay, Badge No. 8143 of Lawndale, for their special courtesy extended to his aunt, who is a daily passenger on their car.

EMPLOYEES' RELIEF FUND

March, 1931

The Surface Lines Employes' Relief Committee held five sessions during the month, at which 19 applications were considered, 15 being approved for weekly relief. In addition to these there were also 10 emergency cases on which the Committee approved immediate relief.

Checks to the amount of \$10,647 were distributed. This sum, together with \$6,267 distributed in December, \$8,581 in January, and \$9,652 in February, makes a total amount of relief extended to date \$35,147.

NOW FOR 1931

The five-year contest in accident prevention which wound up with Lincoln a three-time winner in permanent possession of the beautiful Silver Car Trophy, and which was so fittingly celebrated at the great banquet at the Stevens on March 26 is behind us.

But this does not mean that there will be no further effort to reduce accidents in the operation of the Surface Lines system. On the contrary a new contest is under way for the year of 1931, and every division in the Transportation Department will extend itself to top the list under revised scoring methods. The standing in the current contest will be based on the showing made by each division as compared with its record during the 1929 and 1930 contests. The division

working the greatest improvement over its past performance will be declared the winner and will become the permanent possessor of one of the finest radio equipments on the market including an up-to-date calling set with amplifiers. Should the winning division have two depots both stations will be outfitted with the radio instruments.

While the prize to be awarded is valuable and well worth fighting for the greatest degree of satisfaction will arise from the knowledge that throughout the contest every man will be engaged in a supreme effort to minimize accidents, prevent suffering and possible death, and save thousands of dollars in property damage.

The records last year demonstrated that care and thought were effective in reductions in practically every class of accidents, and went far to prove the contention that one of the safest places in Chicago is on a street car. It is confidently believed that 1931 will see this claim more firmly established.

OVERCROWDED

The Editor regrets that interesting Departmental and Car Station news from our correspondents will have to be carried over to the May issue.

Devon-Limits Climbs From Eleventh to Seventh Place—Lawndale Drops to Fifth Position

The average for the system for the month of March is 3.92, a figure somewhat lower than has been scored for a few months, and is caused by the fact that only five of the twelve divisions scored 4.00 or better. Only three depots stayed in the positions that they held in February and they are North Avenue, first, Lincoln, tenth, and Armitage-Division, twelfth. Devon-Limits exerted itself and climbed from eleventh to seventh place, changing positions with 69th Street, who fell from that position to eleventh place. Lawndale-Blue Island dropped from second to fifth place and Elston-Noble moved from fifth to third position.

Detailed figures are as follows:

SURFACE LINES POST

The American Legion

Legion Responsibilities

This twelfth year of the Legion's existence finds greater demand being made for constructive work than ever before. The ranks of our disabled comrades are constantly increasing, making necessary continued leadership to obtain adequate care. The number of dependent orphan children of our deceased comrades is increasing, requiring a large membership in the Legion to furnish funds, leadership and administration to insure them opportunities to which their parents' heroic service entitled them.

The strength of the Legion's program of service depends upon the membership. This year the Legion has set about signing up this membership early. The gains have been great. We of Surface Lines Post appeal to each and every ex-service man in the employ of the Company who is not a member of another Post to enroll in our Post. There is much that will challenge the attention of every veteran, and you will gain much from participation in the Legion program.

Don't forget the Bunco and Card Party to be given by the Post at the Surface Lines Club House, 1134 North Dearborn Street, on Saturday, April 25, 1931. Refreshments, excellent prizes and dancing.

R. W. Ambler,
Commander.

The Test of a Man

The place to take the true measure of a man is not the forum or the field, not the market place or the amen corner, but at his own fireside.

There he lays aside his mask and you may judge whether he is imp or angel, king or cur, hero or humbug. I care not what the world says of him, whether it crowns him with laurel or pelts him with bad eggs; I care never a copper what his reputation or religion may be; if his babes dread his home coming and his better half has to swallow her heart every time she has to ask him for a five dollar bill, he's a fraud of the first water, even though he prays night and morning till he's black in the face, and howls hallelujah till he shakes the eternal hills. But if his children rush to the front gate to greet him, and love's own sunshine illuminates the face of his wife when she hears his footfall, you may take it for granted that he is true gold, for his home is a heaven, and the humbug never gets that near the great white throne of God.

I can forgive much in that fellow mortal who would rather make men swear than women weep; who would rather have the hate of the whole he-world than the contempt of his wife; who would rather call anger to the eyes of a king than fear to the face of a child.

William Cowper Brann.

Brethren

The governor appeared before the convicts at the prison to make a speech. Forgetting his audience, he began in his usual manner.

"Fellow citizens"—a murmur of laughter ran about the hall. The Governor became confused and began: "Fellow convicts"—the laughter increased. "Oh, you know what I mean," he stammered, "I mean I'm glad to see so many of you here." Uproar.

Court News

"You're a cheat," said the lawyer.

"And you're a liar," retorted the other.

"Now that the parties have identified each other," remarked the judge, "we will proceed with the case."

"Just a Connie"

Being a Connie is not so bad, but when jobs were easy to get, some folks laughed and said, "Only a Connie, some day you will regret." And today when jobs are hard to get, the same folks say, "Oh, gee, a Connie I would like to be. The job's not bad, but seems to be hard to get." Sometimes I get a little hell, but that is because I forgot to look out before I rang the bell, but anyway, it is not so bad, because if I am courteous, honest and true, I will always wear the uniform of blue.

Walter Donikowski, 4958,
Blue Island.

At any rate, it cannot be denied that Prohibition is as great a success as the Ten Commandments.

"A MAN'S PRAYER"

"Teach me that sixty minutes make an hour, sixteen ounces make one pound and one hundred cents make one dollar. Help me so to live that I can lie down at night with a clear conscience, without a gun under my pillow and unhaunted by the faces of those to whom I have brought pain. Grant that I may earn my meal ticket on the square, and that in earning it I may do unto others as I would have them do unto me. Deafen me to the jingle of tainted money and to the rustle of unholy skirts. Blind me to the faults of the other fellow, but reveal to me my own. Guide me so that each night when I look across the dinner table at my wife, who has been a blessing to me, I will have nothing to conceal. Keep me young enough to laugh with little children and sympathetic enough to be considerate of old age. And when comes the day of darkened shades and the smell of flowers, the tread of footsteps and the crunching of wheels in the yard—make the ceremony short and the epitaph simple—"Here Lies a Man."—Exchange.

BE ON TIME

I knew a feller once that lost
His girl by bein' late;
She met another feller
An' the first one got the gate!
I know a young clerk once that lost
His job 'count of a snooze
He took one mornin'; someone else
Now fills that feller's shoes.

I knew a feller once that made
A million ere his prime;
He said the way he made it was
By showin' up on time!
I knew a guy who got to be
A railroad president;
If he said, "I'll be there at ten,"
Why, ten was what he meant.

I don't care what you're doin' now
Or what may be your aim,
To show up at the time that's set
Is sure to boost your game.
There's just another little trick
To help you in your climb,
An' that's to be on hand, my friend,
A little 'head o' time!

When Time Flew

Drunk (entering street car): "Shay, will you put me off thish thing when we get where I'm sposoed to get off?"

Street Car Conductor: "Yes, sir, you get off right here!"

Drunk: "Gosh, here already! How time dash fly!"

The very small car is in our midst so read this one:

Prospective Buyer of a Very Small Motor Car—"Er—how does one get in?"

Salesman—"You don't get into it, sir, you put it on."
