* Does not include buses authorized to be scrapped.

** Dispenser correction for propane buses included here and in the individual bus listing.

Effective October 1, 1963, Mileage calculated on Hubodometer Readings.

NOTE #1 - The number to the left in columns for Engine Change, Head Change and Converter Change indicates the number of Units that have been used in the Vehicle, Viz., "3" means that two Units have been removed and the third Unit is now in operation. Certain CTA buses and former Motor Coach Buses do not show this typed number as our records do not go back to the time the original Units were removed.

#2 - "H" in the Head Change Box indicates a High Compression Head.

#3 - "E" in the MPG and MPP column on the individual bus data, indicates the mileage has been estimated and the MPG and MPP data has not been calculated.
