EXIT THE TROLLEY BUS
—OSA Trips 75/76

To commemorate the passing late in March of what was once the largest trolley coach system in North America, the Omnibus Society has arranged for two charters to be held after the official closure of service, one a night trip, the other the very last run of a trolley bus in Chicago the following day.

The night trip will depart from CTA's North-Cicero barn at 8:00 PM, Saturday, March 31, 1973, and return there about midnight, covering selected portions of the system. The final trolley coach trip ever in Chicago will leave the same location at 10:00 AM the following day, and return about 8 hours later, after covering most of the remaining system.

Because of the special circumstances surrounding these trips, the fare structure will be slightly altered from past OSA excursions, and advance purchase of tickets is highly recommended. Each trip will cost \$5.00, with a special package rate of \$9.00 for both—but to obtain the package rate, tickets must be purchased prior to March 31 (riders from outside the Chicago area excepted, as there will be no ticket sales by mail owing to uncertain postal service). In addition, the Sunday trip only will carry a surcharge of \$1.00 for all tickets purchased on the day of the trip (again, out-of-town riders excepted). Wives and sweethearts (one to a customer, please) may ride free, but children under 12 will be charged a half-fare rate of \$3.00 per trip. Tickets will be sold by OSA directors and other specially-designated personnel at the CERA meeting March 23, and at the OSA meeting March 30 (the last day to qualify for the package rate), or by special arrangement prior to that date.

Plan to be with us as we officially end the trolley bus era in Chicago.
