Come along and experience different parts of the city as we traverse parts of the Blue, Pink, Green, Orange, Brown Red and Yellow Lines. Be sure to bring your cameras and capture the soon to be retired 2200's throughout the city.

At the beginning and conclusion of the trip, the charter director, Eric Zabelny, and charter train supervision will check the train for damage and/or debris. Rail Supervisor, R281, will be in charge of train movements. Manager II, Scott Cook [K-571 on appropriate route channel, phone 312-296-1829] is the overall person in charge.

Employees may expect charter train participants to photograph CTA facilities and equipment.

Members of the charter train are to be afforded this privilege provided their actions are consistent with safe and efficient station and train operation.
