CERA has arranged with the CTA to operate a "Snowfighter Special" on Sunday, October 28, 1979. This is an unusual opportunity to ride in CTA work cars so we encourage you to attend.

We will leave from Howard Street Terminal (Southbound) at 9:30 am for a trip on various north-south routes. Many photo stops are being scheduled as well as an opportunity to ride a revenue train so you can ride ahead and then get a movie run of the "Snowfighter" when it arrives at the station. A lunch stop is scheduled in the Loop. We will return to Howard Terminal at 4:15 pm.

Fare for this trip will be \$9.00. Please use the enclosed coupon for ordering your tickets. Seating is limited so please do not delay in ordering your tickets.

As this is not regular-service equipment young railfans must be accompanied and supervised by an adult. Also we are all asked to respect the auxiliary equipment that has been placed in these cars. CTA and CERA people will be on board to explain the equipment so please feel free to ask any and all questions but remain a respectful distance from this equipment.

We look forward to seeing you at Howard Terminal, 9:30 am, Sunday, October 28, 1979 for a most enjoyable trip. Hopefully there will not be any snow.
