**RAPID TRANSIT  
ROUTES**

**SNOWFLAKE SPECIAL**

*Farewell to PCC's in Chicago*

**Sunday April 13, 1997**

Join members of the Illinois Railway Museum as they tour the Chicago Transit Authority's "L"-subway lines. The trip will cover parts or all of every color line on the system, including the connector track. The trip will begin at Harlem and Lake on the Green Line and proceed to cover all of the Green, Orange, and Purple Lines as well as portions of the Blue, Red, Brown, and Yellow Lines.

Equipment will consist of a five-car train of 50 series cars which were the last PCC cars built for the CTA. These cars were removed from regular service in 1993 and have seen limited service since then. Most of this series of cars are now used in non-revenue service (work trains), and are scheduled to be retired soon. This may be one of the last opportunities to ride a PCC in Chicago.
