★ A star at the top of a schedule column indicates that particular train is an **ELECTROLINER** . . . completely air-conditioned, electrically cooled during the warm summer months and electrically heated in cold weather . . . just the right temperature at all seasons of the year. From appliances in the unique lounge cars to the giant motors that sweep these beautiful trains along with effortless ease and the electro-pneumatic brakes that gently slow them down to firm, silk-smooth stops, every operation on the **ELECTROLINERS** is performed by electricity.
