xc 1-30-47 Thu Southbound track used between Harrison Street and Oak Creek, account snow sweeper stuck in snow at Howell. A.M. Shore Line and Skokie Valley service about normal excepting no southbound limiteds from Milwaukee.

Because of snow on Milwaukee streets, trains were not run between Harrison Street and Milwaukee, and alternately turned back at Racine and Harrison Street except late night trains which ran in and out of Harrison Street. Snow shovelers and bull dozers working on the street have cleared the northbound track about as far north as Greenfield Avenue from Harrison Street. Snow sweeper No. 70 which had been stuck in the snow between Drexel and Howell was pulled out and northbound track between Oak Creek and Harrison cleared of equipment at 1:23 A.M., January 31, 1947. A snow plow is now working on the northbound track. All trains operated fairly close to normal schedules except for a few morning trains.

Northbound track O.K. for service between Oak Creek and Harrison Street at 4:10 P.M. No. 421 and following northbound trains ran normal into Harrison. Alternate operation of Chicago-Milwaukee limited trains from Harrison and Racine continued during the day. No. 423 and 426 last trains turned back from Racine. Northbound track open between Harrison Street and Milwaukee Terminal about 4:00 P.M. and single track operated, using northbound track, starting with Train No. 425 between Harrison and Milwaukee. Snow shovelers and snow fighting equipment still working clearing southbound track in Milwaukee, which is expected to be clear by Saturday noon.
