SUBJECT: Change in 69th Garage Front and Side Sign Readings

As a test project, preliminary to the Capital Improvement Program purchase of 1000 roller curtains, complete new roller curtains are being made for 69th Garage.

Some features of these curtains are: the use of a route number and a route name separated from the destination on all readings, "Helvetica" type face and all white lettering. Rapid transit stations, previously referred to as "Rapid Transit" or "R.T. Sta" will now simply be "(name) station", white letters on a blue background.

The attached lists have side signs separated from front signs, "peephole" readings and design/garage code numbers for use by the Vehicle Maintenance Section; they are not for public consumption.

Some of these curtains will be in use during January, 1975. Because they contain route number or name changes, S. Damen from #50A to #48, 63rd Limited to 63rd Express and the new #120s' depot shuttle services instead of #158, all of which will go into effect at the Mid-Winter pick date of January 27, most of the curtains will not be installed until after the pick during February.
