FROM: Superintendent, Service Planning
RE: Description of Routes Update

Attached are the most current updates of the Description of Routes (DOR). We are reissuing the complete set of DORs because of the many revisions that have occurred since the last issue.

If you have changes for the distribution list for Description of Routes, please notify Sue Worcester on extension 4031. If you have suggestions for improving the presentation of information in the book, or corrections, please call Mr. Vince Jackson on extension 4054.

EXPLANATIONS:

Route

Bus route names and numbers are generally as they appear on the system map, bus stop signs, and roller curtains.

Terminals/Destination Signs

These are taken from roller curtain and electronic sign lists.

Schedule Interlocks

These indicate cases of runs on a given route working on another street. This edition lists by route those which have pieces of work on (to) another route or are worked by (from) another route. Most schedule interlocks are only used Monday-Friday, although a few are employed on weekends.

Hours of Operation

This information gives general periods of operation as described. For more detailed information, first trip/last trip, consult the public system map.

Maps

Operator maps currently issued by Operations Planning are reproduced here. They are always arranged with north facing the top of the page. The standard codes for line maps are shown here.

Miscellaneous

Information is provided on:

- special fares
- stops on limited-stop routes and non-stop zones on express routes

For further information, suggestions, corrections, and changes in distribution, please contact Vince Jackson on extension 4054.

Revisions

This book is issued in loose-leaf form to facilitate updating information on specific routes as necessary.
