This map gives detailed information about Chicago Transit Authority bus and elevated/subway ('L') train service and shows Pace suburban bus and Metra commuter train routes in the CTA service area. It is updated regularly and available at CTA rail stations, Metra downtown terminals, visitor centers, airports or by calling the RTA Travel Information Center.

Regional service overview

CTA runs buses (routes 1 to 206) and elevated/subway trains serving the city and 35 neighboring communities. Major routes run daily through late evening, generally every 10-20 minutes but service frequency can vary based on route and time of day-see individual timetables for details or plan a trip online or by phone in advance.

PACE runs buses throughout the suburbs (routes 208 and above and Pulse rapid routes). Many connect with CTA. Major routes generally run daily thru mid-evening, every 30-60 minutes.

You can use a Ventra Card or contactless bankcard to pay fares as you ride or use valid passes on any CTA bus or train, and on Pace buses.

METRA runs 11 suburban commuter train lines from several downtown Chicago terminals. Most routes run daily: check schedules or use trip planners to plan your trip. Fares are separate. Purchase tickets in the Ventra app. A Regional Connect Pass is available to Metra monthly ticketholders for use on CTA or Pace.

The SOUTH SHORE LINE runs commuter trains, daily, between downtown Chicago (Millennium and Van Buren stations) and South Bend Airport in Indiana. Fares are separate.

Accessibility

E

All CTA vehicles (buses and railcars) are accessible to people with disabilities.

Accessible bus service

CTA buses "kneel" (lower) on request and have ramps at the front doors; anyone can ask for the ramp or bus to kneel.

Other features include priority seats and wheelchair securement areas. Automated announcements make stop, route and other info accessible to people who are blind or visually impaired while digital signs help people who are deaf or hard-of-hearing.

Accessible rail service

CTA trains provide space for wheelchairs and have at least one designated wheelchair securement area in each car. All CTA railcars have priority seats and recorded voice announcements.

"Gap fillers" are available at all stations to bridge the space between platform and train. If you need a gap filler, ask station staff or train Operator for help.

Accessible stations have elevators and/or ramps to create a stepfree path between platforms, the station and the street. Elevator status info is updated at least hourly via:

- phone 1-888-YOUR-CTA (1-888-968-7282), wait then press 7 or call 711 relay for deaf or hard-of-hearing).
- online at transitchicago.com/alerts
- by text or e-mail—subscribe at transitchicago.com/updates

Priority seating

Priority seating is for customers with disabilities and seniors. Please move from a priority seat when requested. Please allow customers with disabilities to board CTA buses and trains first.

Customers who use wheelchairs or scooters have top priority to the flip-seat wheelchair securement areas on CTA buses and trains. Customers with other disabilities and seniors have top priority to the fixed priority seats on all of our vehicles. All other customers may sit in these seats unless they are needed by customers with disabilities or seniors.

First bus / last bus times

All CTA and Pace buses are accessible & to people with disabilities. Use this chart to determine days, hours of service, where each route begins and ends, and first and last buses in each direction on each route. CTA's Bus Tracker website (ctabustracker.com) is your source to check the location and estimated arrival times of your bus via computer or web-enabled mobile device. See Bus and Train Tracker panel below and left for more information.
