Regional Transportation Authority

The Regional Transportation Authority (RTA) provides financial oversight, funding, and regional transit planning for the three public transit operations in Northeastern Illinois that serve two million riders each weekday: The Chicago Transit Authority (CTA), Metra and Pace bus and paratransit. The Agency provides customer services including on-line and telephone travel planning assistance and travel training for people with disabilities. The RTA is the only transit agency that focuses on the entire region when determining transit planning and funding. The RTA region has a population of approximately eight million people throughout six counties and 7,200 transit route miles. For more information, visit www.RTChicago.org

Accessibility

Metra has 241 commuter rail stations, of which 170 are fully accessible and 22 are partially accessible. The CTA "L" train system includes 145 stations, of which 100 are fully accessible. All CTA and Pace buses are ramp-equipped and make automated stop announcements. For more information on how to use the region's accessible bus and rail system, visit www.RTChicago.org/riders-resources/accessible-transit
