## NEW METRA CUSTOMERS

Welcome to Chicago, and welcome to Metra. We are Chicago's regional railroad, operating over 11 lines between the city and suburbs in the six-county metropolitan area.

Our North Central Service Line runs from the far north suburbs to Chicago Union Station downtown, with an airport stop at the O'Hare Transfer Station. During a three-week period that covers the Democratic National Convention (Aug. 12-30), we are running an hourly shuttle between that station and downtown from morning to late evening. The schedule for that shuttle, as well as for regular service on the line, is shown on the other side.

**To get to the O'Hare Transfer Station** from any of O'Hare's terminals, take the free Airport Transit System, also known as the people mover, to the airport's multimodal car rental facility. Our station is next to that facility. See O'Hare Transfer via 'People Mover' map on other side.

**The one-way fare between the airport and Union Station is \$3.75.**

**To buy a ticket for the shuttle,** download the free Ventra app and buy and display a mobile ticket with your phone, or buy a ticket with cash on board the train. If you are taking the shuttle from Union Station to the airport, you can also buy a One-Way Ticket from vending machines at Union Station (there are no machines at the O'Hare Transfer Station). Scan the QR code to download the app.

**To buy a mobile ticket,** tap the "Metra Tickets" icon in the lower right corner of the app's home screen, then tap "Buy Metra Tickets." You'll have to select the North Central Service line, then O'Hare Transfer as your departure station and Union Station as your destination station (or vice versa). Then select "One-Way." You can also buy other fare products, such as Day Passes or Weekend Passes, if you are travelling more frequently.

**To use a mobile ticket,** go back to the "Metra Tickets" section of the app, find the ticket you bought and tap "Use" to activate the ticket when boarding the train. The ticket will then appear on your phone screen. The conductor will ask you to tap the screen; when you do, a pattern of rectangles will appear that will verify the ticket is valid.

**To board the train,** just get on. Metra stations do not have turnstiles; tickets are checked or sold by conductors during the trip. Seats are unreserved, but don't worry - there is plenty of room.

**Accessibility:** All stations on the North Central Service are accessible to people with disabilities. All trains have at least one lift-equipped car per train, identified with the international access symbol, to provide access from low-level platforms. For full information about accessibility, go to [metra.com/accessibility](http://metra.com/accessibility).

**Baggage:** There is no checked baggage on Metra trains. Because of limited space, non-folding carriages or other large items cannot be carried. Baggage should not block aisles or other seats.
