WHAT IS NORTRAN?

NORTRAN is an easy way to say North Suburban Mass Transit District. It's twenty north suburban communities working together to improve mass transportation for the more than half million people who live, work, shop, study, and play in the north suburban area.

In the three years since NORTRAN was formed by federal and state legislation, community-appointed trustees have applied for and received approval for more than 13 million dollars to help maintain and improve bus and rail service in the area. As this money begins being received by NORTRAN, you'll see new buses and related equipment such as two-way radios for faster, safer, more efficient service, and passenger shelters for your comfort and convenience. Much of this bus equipment will beign arriving later in 1975. New and improved rail equipment is already being received for the Milwaukee Road North Line. This includes new locomotives and coaches as well as related equipment.

So, keep riding mass transportation. NORTRAN's goal is to keep making it better to serve you better.
