Try something new, RTA's 331 Cumberland-5th Ave. service. If you're heading for one of three commuter railroads (North Western, Burlington Northern, or Milwaukee Road), Triton College, the Brookfield Zoo or any one of nine cities and villages along the 331's route, the service may prove to be the best way of getting there for you. Give it a try.

We think you'll find it convenient, comfortable, and best of all these days, economical.

How to read this timetable

- 1 Locate the timepoint on the map nearest to the place you will be boarding the bus. Timepoints are indicated on the map and in the timetable by this symbol
- 2 Refer to the column in the timetable, for the direction you want to be heading, with the same timepoint number to determine what time buses pass that location.
- 3 Estimate how long it will take the bus to get between the timepoint and the place you will be boarding. Buses travel at approximately the same speed as automobiles.

It is a good idea, when you start to use the bus, to be at your boarding point a few minutes earlier than the time you estimate for the bus's arrival.
