

Naperville Burlington Northern Station

**IT'S NEVER
BEEN EASIER TO
MAKE THE
CONNECTION.**

Pace Route 678

Metra — **pace** — **Metra** — **pace**

Announcing expanded Pace route 678 rush hour service to the Metra Naperville station.

It's like a Metra train pulling up to your door.

Starting February 12, Pace provides expanded bus service on route 678 to meet all express a.m. and nearly all express p.m. Burlington Northern rush hour trains.

The Pace rush hour service. We've expanded Pace route 678. If you live in Walnut Ridge, Farmington, Heritage Knolls, Naper Carriage Hill, Naper Trails or Oliver Trees, the additional service will provide you with more flexible connections to and from the train station.

You're always on track with Metra. If you haven't ridden Metra in a while or never have, give

us a try. As the nation's premier commuter rail system, Metra gets over 135,000 passengers to and from work each day. The train ride is always relaxing as you fly by Chicago's notorious traffic jams. And the savings over driving are substantial, especially with our many ticket options.

Save even more on your bus fare, too. If you purchase a Metra monthly pass and use connecting downtown CTA services, consider buying an unlimited ride Link-Up pass for only \$36.00. It's valid on both Pace and CTA buses and "Ls." Even if you choose not to purchase a Metra monthly pass, the fare for route 678 service is only 75¢ each way.

For more information call 1-708-364-PACE, ext. 500, or 1-312-836-7000. We think you'll like making the connection.
