- 6. Illinois Institute of Technology**
State Street, 33rd to 35th
Use Northwest Passage to rapid transit,
detrain at Sox-35 — 13 minutes

The North Western/CTA got it all together for your campus commuting

Economical

Riding the North Western and CTA costs less than parking a car downtown for a few hours--assuming you can find a space! C&NW's monthly commutation tickets cut the expense even more.

Dependable

Frequent North Western departures during rush hours, hourly service throughout the day and evening, and CTA trains every few minutes any time of the day assures you of on time arrivals and departures in any weather.

Comfortable

North Western's modern, double-deck coaches provide non-glare, shadow free lighting.... perfect for studying or writing. Both North Western and CTA Lake-Dan Ryan trains are air-conditioned, too.

Convenient

After detraining at the North Western Station downtown , simply follow the signs to the Northwest Passage, a fully enclosed, carpeted interchange with the Lake-Dan Ryan rapid transit..... you're just minutes away from the classroom.
