

Chicago street directory

State Street, which runs north-south, and **Madison Street**, which runs east-west, are the base lines from which all streets and houses in Chicago are numbered. Street numbers begin with "1" at these lines and run in numerical order from them, in the directions indicated, toward the city limits. The direction from the base line is designated by the letters N, S, E, and W:

For example, the entry for North Kimball Avenue shows **Kimball (N) 3400 W**. This indicates that Kimball Avenue runs north-south and is located 34 blocks west of State Street.

The entry for North Milwaukee Avenue shows **Milwaukee (N) 500 W—200 N (NW)**. This indicates that Milwaukee Avenue runs northwest diagonally from a start five blocks west of State Street and two blocks north of Madison Street.

Numbered Streets—such as 35th—are not shown in this condensed directory. All such streets in Chicago run east-west and are located south of Madison Street. Their location, therefore, is obvious:

As examples, **35th Street (E&W)** is located at 3500 south, or 35 blocks south of Madison Street; **35th Place (E&W)** is located at 3532 south, or 35½ blocks south of Madison Street.
