We think this new way of structuring our fares helps everybody.

How much you save when you ride CTA is up to you.

How much you pay is also up to you.

Now you can choose... ...how much you save. ...how much you pay.

We've tailored discounted fare options that can save you money. All you have to do is choose the one that's best for you.

Your first option is to buy 10 **CTA tokens** for \$9.00.

A token is good for one fare at any time. If you don't transfer a lot, or if you're an occasional rider, tokens can save you up to \$3.50 for five round trips.

Your second option is to buy our new **weekday-only monthly pass** for \$45.00. It gives you unlimited rides Monday through Friday.

Or you can buy our **everyday monthly pass** for \$60.00, and take unlimited rides all month long.

If you ride a lot, our passes may be best for you. You won't need a transfer, you won't have to pay express surcharges, you can ride as often as you like, and you could save \$18.00 or more each month compared to using cash.

If you're a reduced fare rider, your cash fare and token fare will be lower at all times.
