the #151 are not
accessible.*

OPERATOR AND PASSENGER RESPONSIBILITIES

- **Anyone** can request to use the lift. You don't have to use a wheelchair or mobility device to use the lift.

THE OPERATOR WILL:

- **Provide** lift service for anyone. However, a passenger's wheelchair or mobility device must fit onto the lift platform.
- **Ask** other passengers to vacate priority seating or the wheelchair securement area if seniors or people with disabilities enter the bus.
- **Announce** all bus stops.
- **Make sure** wheelchairs/mobility devices are properly secured in the wheelchair area.
- **If requested, assist** passengers in fastening and releasing the wheelchair securement device.

THE PASSENGER WILL:

- **Signal** for the bus to stop.
- **Wait** for other passengers to get on or off the bus.
- **Ask** operator to lower the lift.
- **Wait** for the next bus if the vehicle is full, or if you use a mobility device and the securement areas are already occupied by people using wheelchairs.
- **Pay** fare. The operator is not allowed to handle any cash fares, passes, or tokens.
- **Secure** wheelchair or mobility device on both sides, using either the wheel lock and one or both of the red straps. *(For passengers' safety, the lap belt is recommended. However, it is optional.)*
- **Alert** the operator as you approach your stop by pressing the signal strip or cord beside your seat.
- **Wait** until the bus has stopped completely before unfastening the securement system or leaving the seating area.
- *For further information, refer to the "Mainline Lift Bus Service Brochure".*
