

WHY A KING DRIVE LIMITED?

 CTA has received community requests to provide a limitedstop service on the #3 King Drive.

The LIMITED will provide faster, more attractive service. It will only make 60 stops, compared to 109 stops on the local.

- This route will run for a six month trial period.
- Local #3 King Drive bus service will still run. However, when the LIMITED runs, half of the buses that had operated as Locals will now operate as LIMITEDS.

Therefore, if you are now boarding King Drive buses during these times at "side streets" (such as 78th, or 64th, or 53rd, or 27th), you will have more frequent service if you walk to the closest main street (such as 79th, or 63rd, or 51st, or 26th).
